

Athletics School Attendance Policy:

A student-athlete must attend school for one half of the day prior to a game to be eligible for game participation.

Athletics Grade Policy:

To remain eligible, a student-athlete must maintain a C- or higher in each class. If a student-athlete falls below the requirement the AD will be notified. A notice will go out to the student-athlete and their parents. A one week grace period will be provided at that time to raise the grade. If the grade is not sufficient by the end of the one week period the student-athlete will be placed on probation.
